

Vandalia awaits...

On behalf of the Vandalia Renaissance and Fantasy Faire, we invite you to become a founding partner in a landmark community event that will provide enriching educational experiences that connect modern audiences to the past through historical performances, artisan demonstrations, and immersive learning. This opportunity allows your organization to help enhance local cultural enrichment and bring visitors to our county.

In October, our community will host the first-year debut of the Vandalia Renaissance & Fantasy Faire – a three-day immersive festival of history, artistry, and entertainment.

As we establish this new tradition, we are seeking “Founding Patrons” to help bring this vision to life. Supporting a first-year event offers a unique opportunity for high-visibility branding: your business will be recognized not just as a sponsor, but as a cornerstone of a festival designed to grow for years to come.

Why Partner with Vandalia? Our event is designed to draw a diverse audience from across the tri-state, offering our partners a variety of return on investment opportunities, including:

- Premium Brand Exposure: Logo placement across our official website, social media campaigns, and high-traffic onsite signage.
- Exclusive VIP Access: Sponsorship tiers include passes to our two “After Dark” evening events – exclusive, high-atmosphere experiences for your leadership or clients combined with access to VIP bathrooms and other on-site perks
- Unique Community Engagement: From “Patronage” titles and public decree from the main stage or banners to certificates of “Royal Benefactor” status, we offer recognition that stands out from standard corporate sponsorship.
- Direct Hospitality: Complimentary day and weekend passes to share with your employees or customers.

We have developed several levels of patronage – from the Architects of the Realm sponsorship for local supporters to the top-tier Dragon level sponsorship – ensuring an option that aligns with your community engagement goals.

We have attached a brief overview of our tiered sponsorship packages for your review. We welcome the opportunity to discuss how we can tailor these perks to best serve your business’ specific needs.

Thank you for considering a leading role in bringing the magic of the Renaissance to our community. We look forward to the possibility of “knighting” your organization as an official partner of the realm.

Vandalia provides a hands-on laboratory for history, crafts, and performance that can build creativity and confidence. It replaces the passive consumption of a screen with active, real world learning – igniting inquisitiveness that inspires attendees to learn archery, historic black-smithing, or leatherworking long after the festival gates close.
